Selectmen Inaugurate Information Program on Airport Master Plan
Does Bethel need an airport? If so, what size should it be, where should it be located, and what facilities should it contain? These are questions that Bethel citizens will be asked to decide in the March 1983 Town Meeting. Three sequential warrant articles will address whether or not the Town will:

—exercise a no cost land option on property adjacent to Col. Dyke Field in Mayville that would be used, if approved, for a realigned runway;

—adopt the planning concepts and strategies for developing an airport facility as proposed in the Airport Master Plan (outlined below); and

—pursue federal, state and local funding options.

Background
Before 1975, private individuals provided services to the airport, keeping any profits that were realized. In that year, the duties of the Town Manager were expanded to include management of the airport. Meanwhile, the Town obtained, at no cost to the taxpayers, an option on a parcel of land adjacent to the existing runway for airport expansion. This option irrevocably expires in July 1983.

In 1977 Town Meeting voters, seeking direction as to whether the option should be exercised and what the future direction of the airport should be, appropriated funds to pursue a course of action that would provide citizens with information upon which determinations could be made.

In 1979, the Town contracted with Hunter-Ballew Associates to develop an Airport Master Plan and appointed an Airport Advisory Committee of local interested citizens to assist the Board and Hunter-Ballew in this effort.

At the Selectmen's meeting Monday evening, Dec. 27, 1982, the Airport Advisory Committee reported that the Airport Master Plan was completed and recommended that the Town of Bethel formally accept this Master Plan and all of its attendant conclusions, directions and recommendations without reservation.

Airport Master Plan Summary
The purpose of the Airport Master Plan Study is to assess effects of the airport facility on the environment, determine future air-

port requirements and prepare supporting engineering and financial strategies. Data gathered to address these issues centered around two areas: socio economic data pertaining to the community and the region with respect to population, economic activity, geographical location and sociological and political factors; and air-oriented use data including regional facilities, operations and services. The Master Plan study includes: airport "availability at Bethel is important" to meet regional needs; in order to realize regional and community forecasted potentials for moderate economic growth, an improved airport is needed as a facilitating factor; and, "improvements to Col. Dyke Field can be accomplished with minimal disturbance to the environment."

The Airport Master Plan, after reviewing other alternatives, recommends expanding Col. Dyke Field to a Basic Utility-Stage II airport with expanded facilities. This category of airport is characterized by a new 3,150 foot runway (present runway is 2,400 feet long), taxiway, navigational aids, aircraft hangar, tie-down and administration areas, fueling area and automobile parking. This type of airport would provide facilities for 95% of the general aviation propeller aircraft fleet serving the majority of the forecasted aircraft demand, according to the Master Plan. According to the study, development of Col. Dyke Field to this classification would complement the future development anticipated in Bethel and the surrounding region.

Accomplishment of a Basic Utility-Stage II airport is structured in three periods:

Period I — 1983 to 1987. Major tasks include exercising the land option, constructing a 3,150 foot long runway, installing an automatic weather recording station, and a rotating beacon and obtaining necessary navigation easements.

Period II — 1987-1992. Major tasks include providing hangar space, aircraft parking areas, automobile parking, terminal/administration building space and fixed base operator's support service areas.

Period III — 1992-2002. Expand to full potential those facilities encompassed in Period II.

The Town's share of the costs for these tasks is estimated to be \$73,690, all of which could be offset completely by the sale of six industrial sites at the existing airport, according to the Master Plan. Meanwhile, the Plan advocates continuing existing arrangements for administrative

NEWS FROM ADULT AND COMMUNITY EDUCATION

—M.S.A.D. #44

If you are stumped for a New Year's Resolution, the S.A.D. 44 Adult and Community Education program has some suggestions:

(1) To share a skill with others by teaching a course or workshop;

(2) To encourage a family member or neighbor to seek help with reading problems;

(3) To acquire new skills for communicating with others in the home or at work;

(4) To make 1983 the year to complete high school or take the GED;

(5) To volunteer as a Literacy Volunteer tutor;

(6) To try something new by taking a course offered through the S.A.D. 44 Adult and Community Education program.

For help in carrying out any of these resolutions, call the Adult and Community Education office at 824-2136. Best wishes for 1983—the year to live and work smarter!

support to be rendered at no cost by the Town Manager and Town Office staff and maintenance support by the Highway Department at a budgeted cost, at current rates, of \$1,500 per year through 1987, \$2,000 per year through 1992 and \$2,500 per year thereafter.

Immediate Directions
Copies of the Bethel Airport Master Plan have been placed in the Public Library and may be checked out by interested citizens for up to seven days. Similar arrangements may be made at the Town Office where copies may be checked out Monday through Friday during normal working hours.

Meanwhile, the question of whether Bethel needs an airport remains. At their regular meeting Monday, Dec. 27, the Selectmen directed the Manager to survey Bethel's need for an airport and report results to the Board in three weeks. The Office staff is preparing questions and information packets for distribution to community and regional businesses and institutions on Jan. 3, 1983.

Airport Advisory Committee (augmented members: John Head, Jim and Pat Hudson, Mary Valentine and Dick Davis) volunteered their services to answer your questions as they arise.

Important Dates
The Town Office will be closed on Friday, Dec. 31. The Bethel Landfill will be closed on Saturday, New Year's Day, but will resume normal operations Sunday, Jan. 2, between 10 a. m. and 4 p. m.

Dec. 31 was established by the Board as the cut-off date for submission of articles to be acted on at the Annual Town Meeting on March 21-22, 1983. Articles submitted after that date will require attendant signatures of 10% of the

M. S. A. D. #44 SUPERINTENDENT'S NEWSLETTER

Dr. Wayne F. Gersen

The indexing of state income tax has been front page news for the past six to eight weeks. Now that the State Supreme Court has ruled that the retroactivity clause in the November referendum is constitutional, the legislature will either increase taxes, or reduce state funds to various agencies. I believe S.A.D. 44 taxpayers would be better off with an increase in state income tax rather than a reduction in state funds for several reasons.

First, based on figures released by the State Department of Education, if the state cut 32 million dollars from its current budget, our district would lose \$43,897 in state subsidies between now and June 30, 1983. Paced with a loss of \$43,897, S.A.D. 44 would either drastically reduce our services, or hold a special meeting to raise funds through local property taxes.

Furthermore, any reduction in state subsidies to our district will force the district taxpayers to choose between a reduction in service or higher property taxes. For the past three years, stable energy prices, a moderate decline in the enrollment, and modest increases in state support have enabled S.A.D. 44 to decrease the local funds required to operate the district without appreciably reducing the level of services. While future energy costs will remain constant, it appears that our enrollment decline has stopped. Consequently, if our state subsidies diminish, we will have to increase our reliance on property tax or begin sacrificing some education related services.

Finally, in a region with relatively low personal incomes, where property values have been inflated by recent real estate transactions, property tax is much more regressive and detrimental to the local economy than income tax. Therefore, any legislation that increases reliance on property tax would be unfavorable to this region. Income tax increases are unpopular, even an income tax in effect in the state's treasury. However, reductions in state subsidies to schools will have results that are even more unpopular to the public. I hope that as the public debate on indexing of income tax unfolds, you will consider the impact of indexing on school districts and on local property taxes, and share your thoughts with your local legislator.

voters at the last gubernatorial election.

The Board of Selectmen and Town employees extend best wishes for a safe and happy New Year.

All members and friends of the Bethel Historical Society are reminded that the monthly meeting will be held on Thursday, Jan. 6, 1983, at 7:30 p. m. in the meeting room of the Moses Mason House. As this is the annual "So You Think You Know Bethel" contest such questions as "What Bethel native became Governor of Oregon?" or "How many times did Bethel voters decide the question of dividing the town at the parish lines into two separate towns?" may be asked. Anyone interested is cordially invited to attend.

Over 2,000 persons visited the Moses Mason House during 1982, representing 34 states and Puerto Rico plus 12 foreign countries. Predictably the large majority were from Maine with 1,340. Massachusetts was next in representation with 162, closely followed by New York's 160. Other states and their representation include Virginia, 8; New Mexico, 5; Illinois, 5; New Hampshire, 45; Ohio, 12; Maryland, 15; Missouri, 5; Vermont, 16; Georgia, two; Connecticut, 20; Oregon, one; California, 36; Minnesota, 5; Oklahoma, one; Kansas, four; Pennsylvania, 36; Mississippi one; Rhode Island, 11; Indiana, 8; Delaware, five; Michigan, one; Alabama, three; Wisconsin, five; Arizona, five; Texas, 21; New Jersey, 11; Florida, 22; Tennessee, four; Colorado, two; Puerto Rico, one. WATCHNIGHT SERVICE AT BETHEL GOSPEL CENTER

The Bethel Gospel Center invites everyone to attend a special Watchnight service New Year's Eve, Dec. 31. The hours will be from 9 to 12. The evening will begin with singing, then a film featuring the Bill Gaither Trio will be shown. This will be followed by a time of refreshments and Christian fellowship. Following the fellowship hour there will be a candle lighting service, then partaking of the Lord's supper will bring those gathered to the midnight hour, and the entrance of the New Year. The watchnight service has traditionally been one of the highlights in the church year at the Gospel Center. The Bethel Gospel Center is located on Route #26 across from the Telstar Regional High School parking lot.

WOODSTOCK HISTORICAL SOC. TO CONSIDER OLD GUNS

On Saturday, Jan. 8, at 7:00 at the Elementary School, the Woodstock Historical Society will present a program on old muzzle-loading guns. Alden Kennett of Bethel will be the speaker. These antique guns were a familiar fixture in years gone by. The gentlemen of the community should find the program of special interest.

The Society has been attempting to broaden its programs over the past few months and has offered information on railroads, topographical maps, and old postcards to mention just a few topics. A recent addition to the museum has been a collection of old barbering implements and the program on maps prompted the donation of an additional map of Woodstock.

MORE VOLUNTEER SKIERS NEEDED FOR SKI PARADE ON NEW YEAR'S EVE

Volunteers are still needed for the New Year's Eve Parade at Sunday River Skiway. The parade will start at the top of the beginner's slope at 8:30 p. m. on New Year's Eve and is being sponsored by the Sunday River Ski Club in cooperation with the Skiway.

Twelve volunteers have signed up as of Monday, Dec. 27. Twenty or more are needed. Intermediate skiing skills are all that's required and the desire to carry two lighted torches in a series of "S's" to the bottom at the South Ridge Lodge.

A practice run is scheduled on Friday, Dec. 31, at 3 p. m. Interested skiers may sign up at the new South Ridge Lodge, call Romeo Baker at 824-2088, or Curtis Cole at 824-3359.

AIR FORCE ELITE TAKE TO
SLOPES AT SUNDAY RIVER

It's called a Combat Control Team. The Air Force version of the Army's Green Berets. And it was the Sunday River Ski School's assignment to teach them to ski.

Out of Dyess Air Force Base in Abilene, Tex., this 22-man unit of the 463rd Tactical Airlift Wing commanded by Captain Tim Woods took to the slopes as a part of their training. The group stayed at the Christmas Farm Inn in Jackson, N. H. They travelled to Maine and Sunday River to find the snow needed for their training.

"We're trained in a bit of everything," explained Senior Master Sgt. John Smith. "Each member is an air traffic controller, has parachuted, knows demolitions and scuba dives."

There are some 10 combat Control Teams in the Air Force, two are located overseas and all are combat ready. The members are the elite of the Air Force.

"It takes a man some three years to be fully qualified for a C.C.T.," said Smith. "We're mainly involved with desert operations. We set up landing zones as well as secure forward re-supply for the Army. They call us 'pathfinders'."

This team spends some 200 days on the road. "The travel is the best part," exclaimed Gus Hibner, a team member from Indianapolis. "TIDY's (Temporary Duty Assignments) like skiing and scuba diving are great!"

Combat Control Teams have been involved in Vietnam, the Lebanon Crisis and Iran. "A team worked at the Jonestown, South America, tragedy, too," said one.

Members of the team hail from all over the United States. Four were new skiers and others had tested their skiing wings last March in Utah.

"They're quite an athletic

group," exclaimed Ann Friedlander, Director of the Sunday River Ski School. "In just two days they are skiing at the intermediate level. One thing's for sure, they take orders well!"

FROM THE TOWN OFFICE

continued from Page One
Sewer Ordinance that is being drafted. This amendment will establish regulatory and control procedures for anyone shipping and spreading sludge on town-administered land sites. Bethel's Land Sludge Spreading Program was recently commended by the Department of Environmental Protection for its effectiveness and efficiency. As there are fewer than a dozen similar programs in the State, the accomplishments of the crew at the Bethel Wastewater Treatment Plant are especially noteworthy.

Dec. 31 was the date established by the Board as the cut-off for the submission of articles to be acted on at the Annual Town Meeting of March 21-22, 1983. Articles submitted after that date will require the attendant signatures of 10% of the voters at the last gubernatorial election.

In other business, the Board acted to have the Manager and Board study at a later date the advantages and disadvantages of semi-annual tax billing.

Important Dates

The Town Office will be closed on Friday, Dec. 23. The Bethel Landfill will be closed on Saturday, Christmas Day, but will re-

open on Sunday, Dec. 24. The group, "exclaimed Ann Friedlander, Director of the Sunday River Ski School. "In just two days they are skiing at the intermediate level. One thing's for sure, they take orders well!"

— Mrs. Jo Sanderson, Cor. —

Happy holidays to all our friends and readers. We hope the new year will be good to all of you.

We shopped the easy way this year. We bought two bushels of Florida oranges and divided them with the children. It was so delicious they all said "do it again next Christmas". It sure beat all that running around and then either getting the wrong size or color.

We went to my son Albert's for Christmas Eve to be with his family, and we spent Christmas Day with my daughter, Arlene, and her family in West Bethel. We all had a lovely holiday.

Kay O'Leary had Christmas dinner with her brother Stanley Lord and family at the Arlan Jodreys in Bethel.

Matthew, Paul and Betty Stanton and Trudy Wheeler, all of South Harrison, called on the boys' father, Clyde Stanton, Jr., Christmas morning.

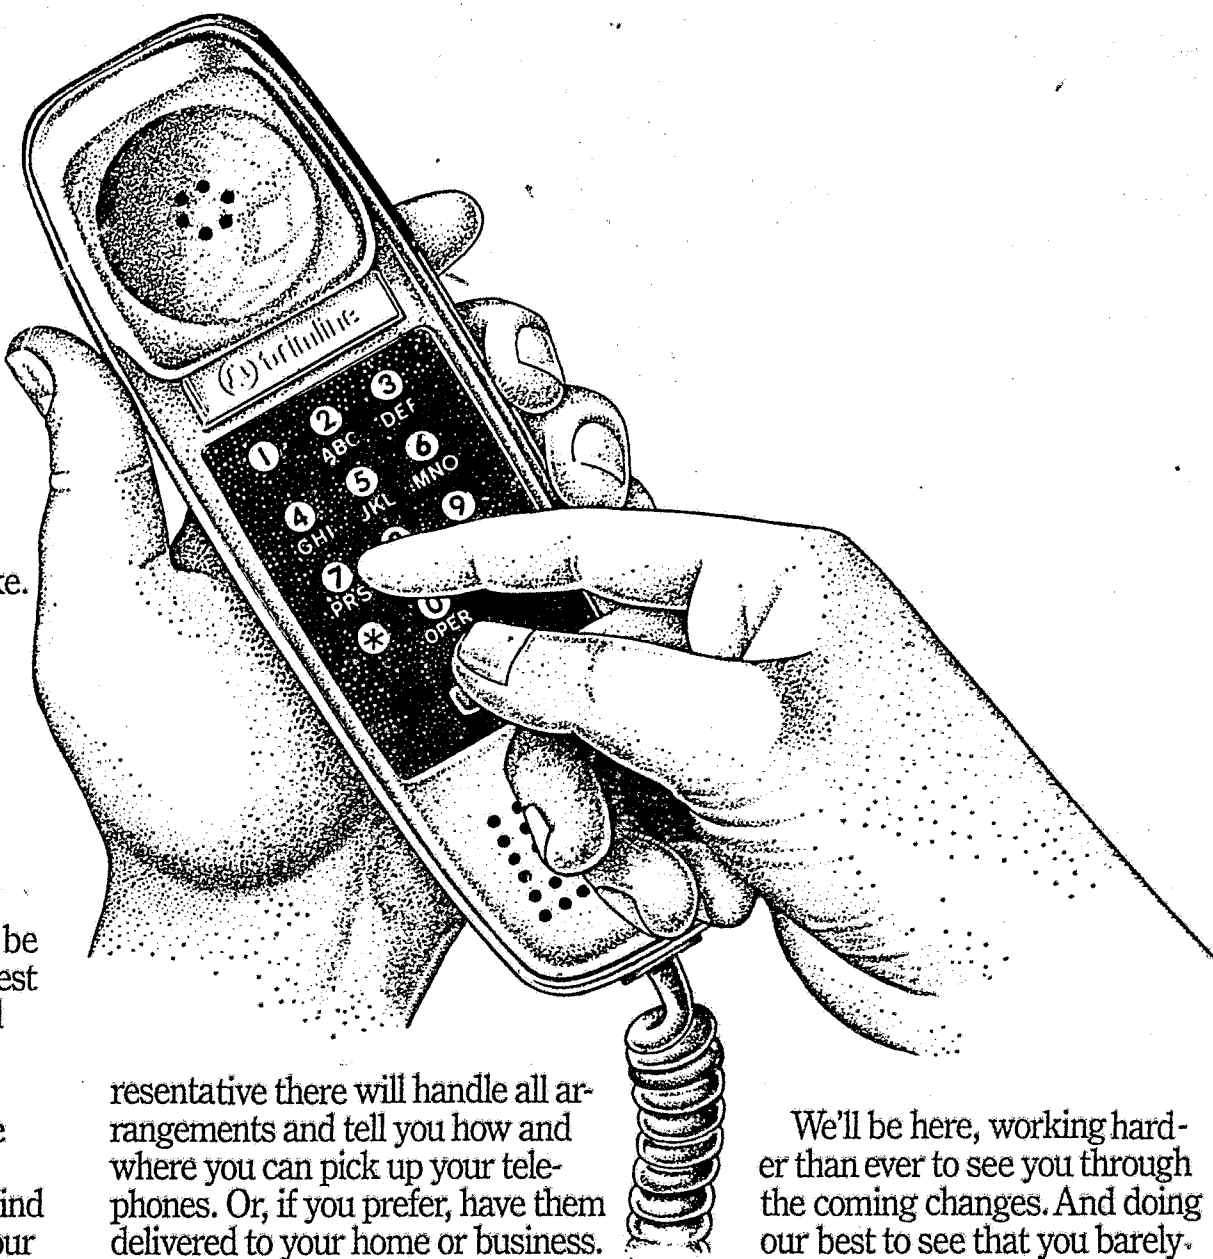

Lee Lord and sister, Kay O'Leary went to Livermore Falls Sunday to visit with their father, Walter Lord.

Bert Rugg entered the Osteopathic Hospital on Brighton Ave., Portland, Monday.

Clyde Stanton Jr. is in the Veterans Hospital in Togus for a heart check-up.

Terry Lynn Weymouth of Norway is visiting her great-grandmother, Josephine Sanderson, this week during vacation.

As of January 1, to get service or phones call your Telephone Business Office.

It's the first call you should make.
And in some cases, it's the only
call you'll need to make.

How do you get service?

The best way to arrange telephone service is to call your local Telephone Business Office. Why? Because we're going to eliminate all our PhoneCenter Stores on January first (some will be going to American Bell, and the rest will be converted to New England Telephone Service Centers).

So, making that one phone call to your Telephone Business Office is all you need to do.

And it's very easy to do. You'll find the number on the first page of your phone bill, or listed in your telephone directory.

How do you get telephones?

New England Telephone is still providing phones, subject to availability. But we don't have PhoneCenter Stores any more. So how do you get phones from us?

Simple. Just call your Telephone Business Office. The Service Rep-

resentative there will handle all arrangements and tell you how and where you can pick up your telephones. Or, if you prefer, have them delivered to your home or business.

What's next?

This is one of several changes that have resulted from a ruling of the Federal Communications Commission, which affects how you'll get service or telephone equipment from New England Telephone.

But despite these changes, New England Telephone will still be your local phone company.

We'll be here, working harder than ever to see you through the coming changes. And doing our best to see that you barely notice any change at all.

But to do our job right, we need to stay in touch with you. So let's talk. If you have questions, call us on our "Let's Talk" line 1 800 555-5000. We've got the answers.

Let's talk

Letters to the Editor

To the Editor:

We are some students in the 6th grade at Woodstock. We have had Mrs. Tracy for a teacher and principal. This is our opinion about her.

"Mrs. Tracy does not want power, she wants friends. She does care for the kids as much as we care for her and if we didn't care, we wouldn't be writing this article," says one kid.

"Mrs. Tracy cared for the kids as if they were her very own," says another.

"Mrs. Tracy, she was strict but fair. She always heard both sides of the story," says even both sides.

"She's the greatest," says everybody.

Sincerely,
Devlan and friends

To whom it may concern:

The Woodstock Parents Volunteer Group would like to take this opportunity to say that we think Mrs. Tracy was one of the finest administrators Woodstock has ever had. Through her guidance and strong leadership, we as parents learned for the first time what "working with the school" meant. She opened the doors wide and kept them open. We felt comfortable visiting the classrooms, we felt productive while doing projects aimed at improving the school, and we felt we were a real part of the school system. But the most important thing Mrs. Tracy taught us was that we are as vital to our children's education as books, teachers, homework, etc. We learned we could no longer sit back and watch the system work. She opened the lines of communication up that are so necessary to make a good school system. It wasn't easy at first, but the respect we saw in our children's faces for Mrs. Tracy makes us think it was worth it.

Respectfully,
The Woodstock Volunteer Parent Group

T.T.A.E.R.S. News

(Tri-Town Ambulance & Emergency Rescue Service)

Tri Town hopes everyone had a good Christmas and wishes everyone a safe and happy New Year's. The ambulance, with the help of Donene Benson as driver delivered a safe Santa Claus to the Co-Op Store in West Paris the Saturday before Christmas. Santa (alias Junior Penley) had a good time bringing Christmas joy to the town of West Paris.

Tri Town had an excellent training meeting with Emergency Room Dr. Florence and Darlene Holden, head of nurses at the Emergency Room at Stephens Memorial Hospital. Specifically they helped the attendants know what was important information to relay by radio enroute to the hospital and what information could wait until arrival at the hospital. Also useful were standard procedures upon arrival at the hospital, what the nursing staff needs to do as standard procedures.

Safety Tip of the Week
Holiday Cheer may be fun. Tri Town hopes everyone enjoys New Year's Eve. But please don't drive on the roads after drinking. Your best friend may be the one to hide the car keys that evening. Tri Town members want everyone to live to see 1983 come in. Even one or two drinks will reduce your reaction time while driving.

Olive Davis, Corres.

I guess winter arrived Monday to stay. We had slippery traveling in the afternoon with snow falling fast for about two hours which made bad traveling.

Callers at Olive Davis' this week were Mr. and Mrs. Herman Barnett and Zillah Morse, Deven Andrews, Mr. and Mrs. Carl Brooks, Mr. and Mrs. Robert Billings, Esther Davis and members of the Adventist Church, Kay Schroer, Heather Mason and two little girls from Kay Mason's home and Johnny Schroer. These guests from the church were giving a Christmas gift of loaves of bread to the different families in town. Such a thoughtful deed before Christmas. There were other members of the church also delivering the loaves of bread.

Mr. and Mrs. Thomas Schroer, Mr. and Mrs. Bill Goffa and two children and Olive Davis attended the Nativity pageant at Bethel on the Common Sunday night. After that they went to the Christmas program of the Adventist Church School held at Ledgewick Home at 7 o'clock was very nice.

Lenwood Andrews has returned from a visit with friends and relatives in Florida.

Esther Davis is having a roof put over her patio on the trailer. This week end the relatives are getting together their usual Christmas celebration around this area. We wish them a happy gathering and may Santa be good to all.

What do you think of the nice Christmas Gift the Congress gave themselves? Wouldn't it be nice if we could do the same? What a lift it would give those who are out of work and have no place to live or anything else. I think Congress must not know the saying, "It is better to give than receive." They should try it and maybe things wouldn't be so bad in the country. I know what it's like to ask for help and it isn't a good feeling, so know how those with so little feel.

Spent a quiet Monday but Tuesday saw us going to Norway to pick up my new shoes, and do a few other errands. Went early as the weather didn't look too good, but it cooperated with us and didn't storm.

In the afternoon, Peggy wanted Russell and I to go to Berlin with her, so off we went. Couldn't have her go alone. Found it snowing up that way, but not too bad.

It was dark when we came home and what sights there were to see. So many home decorated up for Christmas. You don't realize how beautiful the lights are until after dark. We went out on the West Bethel Road a little way to see what houses were decorated and two or three were really glowing with lights. We enjoyed the sights anyway.

Wednesday night, we did something special. Russell, Peggy and I had talked of going to D. W. McKee's Restaurant to eat. After

seeing all the decorations from the outside on our ride Sunday evening, we decided to dine there and see the inside of the restaurant also.

We were as impressed by the Dining Room and Lounge as we had been by the outside. A large Christmas tree decorated the lounge and a smaller one gave a festive note to the dining room. The many plants gave it a homey touch, and the poinsettias were so lovely, both red and white. I was quite impressed with the dining room as I took note of the ceiling. It was of wood as were the walls. No sheetrock as in most places. A fairly wide strip of wall next to the ceiling is done in green which complements the green light shades.

A few pictures, which looked very new, adorned the walls in various places. Smaller plants in the windows added the finishing touch.

If you have a good appetite and want plenty to eat, McKee's is the place to go. We were quite full after the salad and rolls were served. I never saw such a large salad served in a restaurant, but when the main course was set before us I wondered how in the world it was going to consume all of it. It was good, that I forgot I wasn't hungry and ate it all. Of course the desserts sounded so good we couldn't resist. Russell and I ordered carrot cake, expecting a square of a one layer cake. We gulped and wondered how we were to eat what was set before us. It was a huge piece of a three layer cake, but it was so delicious, we didn't let it go to waste. However, we weren't very hungry the next day. All I can say is "Go to McKee's Restaurant up toward the skiway" if you want a good meal. You will find it an interesting and delightful place to go.

Thursday morning found me doing a little baking for Christmas. Later in the forenoon, Russell and I went to West Paris to visit Julia Fleet, a patient at Ledgewick Nursing Home. We found her pretty good and she said she was glad to see us. She always liked cats and her wall beside her bed has many pictures of cats and kittens. We only stayed for a short visit, but hope to go again. Visitors mean so much to anyone who is unable to go about as when younger.

In the afternoon, Russell, Peggy and I went to Greenwood to visit our Aunt Doris Hayes. Her son Erwin, wife Doris and their son Wally and wife Nancy were there. We enjoyed our visit, as here again.

North Paris

Eveline B. Vatcher, Corres.

A Happy New Year to everybody and I hope it is a peaceful year, with lots of work for all.

Laura Kalinowski at Portland, Conn., sends word that she is alright now and is grateful to all who remembered her with cards of cheer.

Maine is still a good place to live and we did miss a blizzard for Christmas but we didn't need it. We will probably get the tail end of the storm.

Callers at Lawrences during the week: Lena Dean, Lloyd Huntley, Lena Kangas, Arnold Coffin, Joe Vatcher, Rhoda Vatcher, Roma Wilson, Jeanne Millett, Sherry and Jennie, Mr. and Mrs. Albert Heath Jr., and Amanda Jean, Mr. and Mrs. Herman Card, Mr. and Mrs. Dale Coffin, Jeff and Jimbo, Mrs. Alice Goff, Mr. and Mrs. Norman Abbott, Eveline Vatcher.

Harlan Abbott and Earl Newton called on Joe and Eveline Vatcher Wednesday morning, just minutes after Eveline had taken five loaves of bread from the oven, so we all had a lunch. Harlan goes to the hospital on Dec. 30 and he hopes to have a smaller cast on his leg so he can get around more and easier. Joe Vatcher fed Harlan's animals while Jimmy and Jane Abbott were away for the holiday week end.

Mrs. Rhoda Vatcher had car trouble while in Saugus, Mass., for the holiday so she came home on Monday.

The schools were closed on Dec. 21 as the back roads were very slippery. It was slippery on Friday morning also, due to the snow and freezing rain.

We received our new telephone books this past week and it is arranged different this year.

Friday morning a man knocked Doris and Root Lawrence's mail box down as he couldn't stop due to the slippery traveling. Later he came back and fixed it so it's usable, and will dig a new post hole when the ground thaws out.

New Year's Eve parties are on the list for this week end. Let's all keep it safe as well as happy.

ain, we hadn't been there for some time.

Woke Friday morning to find it snowing. Freezing rain predicted later in the day. We wondered if the bad weather would last so our families wouldn't be able to come for Christmas the next day, but were pleasantly surprised to have Christmas day quite good. Peggy went to West Bethel in the early morning to have Christmas with her daughter and family, the Emerson Merrills. Later in the forenoon, she came to our brother, Bryce Yates' home where we had a real family gathering. There were 28 in all. More than we have had in a long time.

There were our hosts, Mr. and Mrs. Bryce Yates and family; Darnita with daughter Eva; Elden and Edwick, Laura and Bernard Hutchins from Andover came; also her son Gregory, wife Frances and children Robbie and Karen, all from Sweden; daughter Lorene with husband Preston Cobb and daughter Mandy, from Bryant Pond; my daughter Wynona and husband Michael Wolff from Lew-

iston; Barbara Yates' mother Arline Myshall of Mexico and three girls, Kathy, Cheryl and Jeanette; Jeffrey and Stephanie Yates and children, Jason and Vanessa; and Russell Yates, Peggy Blake and myself, Viva Whitman. It was the largest crowd for Christmas that we have had in a long time. It was so nice to all be together.

As usual when we all get together, there is plenty to eat and I think Santa used everyone very well.

Sunday, we were to go to West Paris for a Christmas with our older brother, Lawrence and family. I was a little under the weather so stayed home, but Russell and Peggy went. Guess I ate one chocolate too many.

In the afternoon I had a surprise visit from a friend, Diane Thurston and son Warren. It was a short visit but was glad to see them.

Now that Christmas is over, maybe we can get other things done. We hope everyone had a very Merry Christmas and will have a Happy New Year.

Upton

Mrs. Arline Bernier, Corres.
The weather remains unexpected. Dec. 28 found traffic in Upton tied up for glare ice on the roads. Several trailer trucks were stuck after getting into Maine and some vehicles which had come through Grafton Notch into Upton were stalled. Christmas day we got rain and temperatures in the 50's.

Christmas Eve program was homey with a small group. Some expressed their feelings about Christmas—others read poems or verses passed to them. A birthday cake for Jesus was lighted and the group sang "Happy Birthday, Jesus". Carols were sung and then Santa arrived. The children and others helped him pass out the gifts, fruit and candy which had been provided and prepared by Jenkins Fund, Ladies Aid and individuals. Oranges sent by three Ladies Aid members wintering in Florida were passed out.

Church services were cancelled Saturday night because several were observing the holiday in other places. It is currently scheduled with George Tremblay preaching for Jan. 1 service.

Clayton and Norma are spending vacation at the Thompson camp. They shared Christmas festivities with the Dapalitos.

The Viens family spent Christmas in Canada with relatives.

Berniers and Bergerons spent Christmas in Newry at the Korhonen home along with other family members.

Alex Lecomte is enjoying his new outlook on life. The recent operation on his eyes improved his eyesight to a degree not possible only a few years ago.

Electricity was off for several hours Sunday because very strong winds were playing havoc with the lines in the Milan area.

WEST BETHEL UNION CHURCH

West Bethel Union Church was beautifully decorated for the special Christmas Candlelight Service on Thursday evening, Dec. 23. The adult and junior choir sang several songs. Soloist was Mrs. Virginia Walker of Bethel.

A coffee and fellowship hour in the parlour was enjoyed following the service.

The Youth Fellowship and many adults and children went caroling after the service. The David Hanscom family loaned their pony and cart to carry the smaller children. Becky Hanscom was driver with Lydia and Martha Gro-

to also visit her granddaughter, Linda, but was taken ill and had to return home. Happily she is feeling better at this writing.

Mr. and Mrs. Oscar Johnson had Christmas dinner with Mr. and Mrs. Jeffrey Johnson in Bryant Pond.

Mr. and Mrs. John Mills attended the children's program Sunday at the Bethel Church of the Nazarene and also enjoyed the Christmas play at the church in the evening.

An Aug. 6, 1983, wedding is being planned.

B.E.A.R.S., Inc.

(Bethel Emergency Ambulance & Rescue Service, Inc.)

Anyone interested in either a Standard First Aid Course or Advanced First Aid Course contact Florence Merrill at 824-2521 or Arlene Greenleaf at 824-2744.

Stonham Rescue will be offering an E.M.T. Course sometime in January. If anyone is interested in that contact Arlene Greenleaf for more information.

Sondra Greenleaf is home from nursing training for semester break, also to enjoy the holidays with her family.

Jon Owen is also home for the holiday from his studies in Concord, N. H.

When you call the ambulance, remember to be patient. It takes time for the attendants to get there especially during the winter months. They must also clean off their cars when it snows or there is frost on them. We know waiting can seem like hours—but it really doesn't take that long. Safety Tip of the Week

Make sure the ponds are really frozen when you go out enjoying skating or ice fishing — as Mother Nature can't seem to make up her mind whether to have it winter or spring weather.

The Rebekah degree was read by Sylvia Benson and the Thomas Willey Story, the story of Odd Fellows, was read by Abby Buswell. The Lodge will recess until Feb. 28.

Pauline Smith, Corres.

Ruth Fox called on Iva Fox, Sunday.

In the 50's, but heavy winds on Sunday though.

Leroy and Pauline Smith had Christmas with their daughter, Beverly, Bassett and family. Also Mr. and Mrs. Donald Knights of Oxford, Tim and Kathy, also Marion Kendall had dinner. All enjoyed a tree.

My granddaughter, Marlene Bassett was home from college in New York, also Brenda Bassett, who is a nurse working at a hospital in Rockport.

Iva Fox, Fred, Larry, Stephen, wife Susan, two children, all had dinner and the tree at Linda and Neal Allen's, Waterford. Twenty-four were present.

Bob Johnstone's family entertained some of Norma's folks at Christmas.

Mr. and Mrs. Donald Greyson from Oosterville, Mass., are here for awhile.

I heard the candlelight service was well attended. Due to icy roads I did not make it.

Muriel Pratt was home for the holiday from Fryeburg.

Ed. Josephine came for the holiday from Massachusetts.

Write more next time, "Happy New Year to All."
